Who Is Eiji ?

Eiji is a company dedicated to providing high quality essential oils to every one for fair prices.

What is an essential oil?

- An essential oil is a concentrated hydrophobic liquid containing volatile aroma compounds from plants
- Essential oils have been used since ancient civilizations for their spiritual and healing properties
- Today, essential oils are often used for food, cosmetic purposes and wellness.

Why Eiji?

- Quality: Our Plant 2 Plant standards ensure delivery of the highest-quality essential oils at a fraction of the cost
- Easy Access: Anyone can purchase any product online, without a sign up fee, minimum order, or monthly/yearly dues
- No Middle Man: Products can be purchased directly, no need to join an expensive MLM company

Global Health Movement:

- Nielsen's Global Health & Wellness Survey showed that an overwhelming majority of consumers are attempting to take charge of their health
- According to studies commissioned by the Global Wellness Summit, the global wellness industry is a \$3.4 trillion market, 3.4x larger than the pharmaceutical industry
- Now, more than ever, people are looking to natural, effective health and wellness products

Plant 2 Plant

- Sourcing: Our growers share our commitment to producing only the highest quality ingredients and help us supply customers with purity and quality.
- Factory certifications: Our high-standard distillation factories are located all over the world and our bottling facility is both cGNP and organically certified.
- Testing: We do GCMS and physical tests on every lot of essential oils to maintain strict quality standards.

Benefits of Essential Oils

- Mental: Some essential oils can encourage your brain to lower stress levels and release positive, balancing hormones
- Physical: Many essential oils have medicinal or healing properties that can assist with a wide range of health concerns
- Emotional: Essential oils have been used for centuries for their emotionally uplifting properties

Our Products: Essential Oils

- Our quality team audits growers, distillers and filling facilities to ensure continued quality assurance
- Our commitment is to maintain certified, full strength. 100% pure oils
- EVs doctors set the quality standards in the essential oil industry
- We even visit the glass facilities that make the bottles to ensure a quality product
